MONDAY APRIL 16: Ford Ross will talk about his trek across New Zealand. Lion Dave Thurston will introduce our guest.

LAST MONDAY: Leslie Cunningham of the Kansas Rehabilitation Hospital showcased the hospital's leading rehabilitation technology and discussed how you can protect access to such care for you and your family. Current problem is a Medicare program called the 75 Percent Rule. This rule is limiting the number of people who can be served by Rehabilitation Hospitals, even those who can pay for their care. Bills are in Congress numbers HR1459 and S.543 that will help protect your right to have access to the kind of care that this Hospital can provide. More information on the 75% Rule can be located with a Google search of the internet. Lion Irene Owen introduced our speaker.
